LIGHTING

INSTALLATION INSTRUCTIONS

IMPORTANT

Before assembling your access lighting fixture, please make sure that you carefully read through these instruction sheets. Consider having your fixture installed by a qualified licensed electrician.

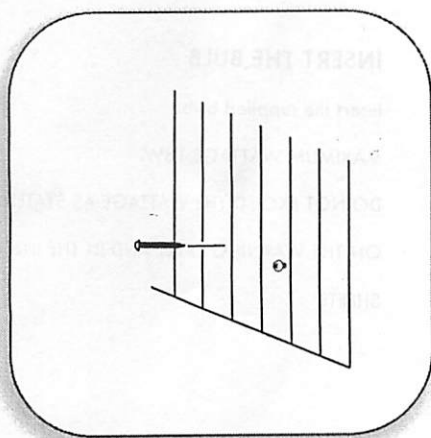

NOTE: The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care, are factors that can't be built into any product. These factors must be supplied by the person(s) caring for and operating the fixture.

GENERAL INFORMATION

All electrical connections must be in accordance with all ordinances, Local and National Electrical Codes. These fixtures are intended for mounting to a standard 4" x 2 1/2" metal octagon outlet box. The box must be directly supported by the building structure and U.L. Recognized.

STEP BY STEP INSTRUCTIONS

Before starting your installation disconnect the Power by turning off the Circuit Breaker or by removing the fuse at the fuse box. Just turning the light off at the light switch is not sufficient to prevent electrical shock.

APPLICATION
Wall Fixture

MODEL NO.
70017

WHAT WE PROVIDE

- Mounting Hardware
- Crossbar Plate
- Fabric Shade
- 1 x 18W GU24 Bulbs

WHAT YOU NEED

- Screwdriver
- Wire Cutters
- Wiring Supplies as Specified by Electrical Code

1

PREPARE FIXTURE

If there is an existing fixture remove it. Mount screw to the wall with the supplied screws.

2

MOUNT CROSSBAR PLATE

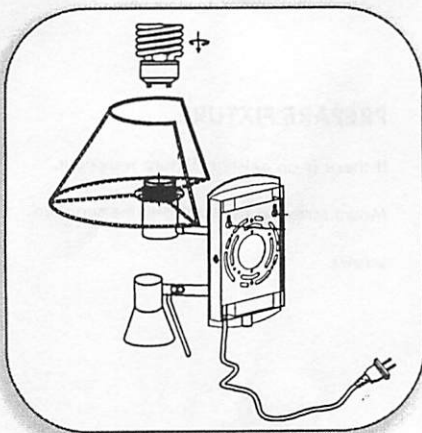

Mount the crossbar and backplate to the wall with the supplied screws.

3

SECURE THE FABRIC SHADE

Hold the fabric shade to the fixture by fitting the shade over the socket. Secure the shade by screwing adapter onto the threads on the socket.

4

INSERT THE BULB

Insert the supplied bulb.
MAXIMUM WATTAGE 18W.
DO NOT EXCEED THE WATTAGE AS STATED
ON THE WARNING LABEL AND IN THE INSTRUCTION
SHEETS

5

SWITCH ON THE FIXTURE

Plug-in to the socket.

6

**RESTORE THE ELECTRICITY AND
CHECK THE OPERATION OF YOUR
NEW ACCESS FIXTURE**

CAUTION

Please ensure that the fitting is cool and switched off before replacing the bulb. DO NOT use bulbs that might exceed the maximum wattage, stated on caution label.
