BOULEVARD™ ONE-PIECE LXP TOILET

Quintessentially French. Stately, strong and a bit whimsical. This transitional design can be a signature element to a wide range of decors. The Boulevard is inspired by the brim of the hat worn by beekeepers in the Montagnes Noir region of France.

BOULEVARD® LAVATORIES

Classic and distinct lines define the rugged design of the Boulevard Lavatories. The pedestal lavatory can be installed in typical fashion, while the lavatory top can be installed as a wall-hung unit, or installed in conjunction with our wall-hung or floor mounted furniture and marble top!
