

**AquaWash® Manual SpaLet™ Seat with Telescoping Lid**

**5900A.05GT** Elongated Manual SpaLet™ seat

AquaWash SpaLet seat features a modern design with a slim 2-3/8" (60mm) telescoping seat that accompanies any décor. This seat features a water pressured bidet seat with adjustable spray patterns and detachable nozzles; no electrical power required. This seat also features a one button push lift-off for easier cleaning; slow close hinges to prevent slamming of the seat and top mount installation for easier install. Fits most conventional toilets.

- Non-electric bidet feature with adjustable spray volume.
- Dual, self cleansing nozzles for independent front and back cleansing.
- Removable nozzle tips for additional cleaning.
- Slow-close seat and lid for users convenience.
- One-push Removable Seat for easier cleaning of the seat and bowl.
- Seamless telescoping lid design to conceal the seat ring.
- Includes mounting hardware and seat water supply.
