For Residential and Commercial Applications

Job Name	Engineer / Architect	
Job Location	Wholesaler	
Submittal Date	Contractor	

STR17/37/SSTR37X Multi-Turn Angle Stop w/Loose Key & Stuffing Box – Female Iron Pipe x Compression

Use: For use in potable water distribution systems in accessible locations only. Not intended for recirculation water systems/continuous use temperatures above 115° F. For those applications, use our KT[™] series ball stops.

Design Features:

- Machined one-piece brass body provides strength, durability, and long-lasting performance
- Large loose key handle provides a secure grip for trouble-free on/off operation
- Removable loose key handle helps protect against accidental stop operation during rough-ins and general use

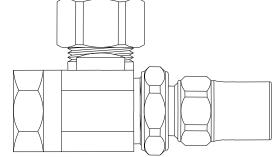

Operating Specifications:

40°-140° F Temperature:

125 PSI maximum Pressure:

Excludes loose key handle
