

## Multi-Station Sinks 6951 Series Wall Sinks

- Heavy-Duty, Highly Vandal Resistant
- Saves Space
- Ideal for Facilities Housing Major Events
- Choose from 2-5 Stations

### Description

Wall sinks are available with 4" centers or single hole configurations. All faucet mounting holes are 1-1/4" diameter. See chart below for specific models and options.

### Specifications

**Size and Capacity:** Accommodates from 2–5 users at a time (depending upon model chosen), using less space than conventional lavs or countertops.

**Construction:** Welded construction, fabricated entirely from 14 gauge type 304 stainless steel. All exterior surfaces are polished to a #4 finish. Sink legs are welded 1-1/2" O.D. stainless steel tubing, with 1-1/2" maximum adjustable-height floor flange. Sinks are reinforced with stainless steel channels welded to the underside of countertop.

**Vandal Resistance:** Sinks are reinforced with stainless steel channels welded to the underside.

### Standard Equipment

**Multi-Station Sink Assembly:** Sink includes drain spud with dome grate strainer and 1-1/2" tubular tailpiece. 1-1/2" P-trap (provided by others).

### Code Compliance and Certifications

#### cUPC Certified

The 6951 Series is Uniform Plumbing Code (cUPC) certified through the International Association of Plumbing and Mechanical Officials (IAPMO).

Standard product selections contained within this document are third party **CERTIFIED** to NSF/ANSI 372 meeting the Lead-Free content requirement. Any product configured with custom options will be **COMPLIANT** with NSF/ANSI 372 meeting the Lead-Free content requirement.
