

CRYSTORAMA LIGHTING

ASSEMBLY INSTRUCTION MODEL #KLN-5200-LG

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 3- Cand. base Bulb
40 Watts Recommended 60 Watts Max
USE LED BULBS FOR EXTENDED USE

THIS FIXTURE IS DAMP RATED

How to Install

Please place all the parts on the soft cloth covered table top during the installation of the fixture.

1. Loosen the mounting bracket from the canopy, and install the mounting bracket to the outlet box.
2. Install the bulbs (not included).
3. Hang one end of the chain onto the frame and the other end onto the loop underneath the canopy.
4. Raise the frame up to the outlet box and do the wire connection. Secure the canopy with side screws.
5. Remove the ball nuts from the frame. Starting from the inner tiers (the tiers ring with the short studs), place the ceramic butterfly and plastic washers over the stud and secure it with the ball nut. Please do not overtighten it to prevent it from breaking.
