# Elkay Wall Mount ADA Cooler Non-Filtered Non-Refrigerated Stainless

Model EMABFVRDS

Open space rough-in design permits new installation or replacement of existing fountains and coolers with this Elkay cooler when rough-in is within the outline shown.

### IMPORTANT! INSTALLER PLEASE NOTE:

This water cooler has been designed and built to provide water to the user which has not been altered by materials in the cooler waterways.

The grounding of electrical equipment such as telephone, computers, etc to water lines is a common procedure. This grounding may be in the building or occur away from the building. This grounding can cause electrical feedback into a water cooler creating an electrolysis which creates a metallic taste or causes an increase in the metal content of the water. This condition is avoidable by installing the cooler using the proper materials as shown below.

## NOTICE

The water cooler must be connected to the water supply using a dielectric coupling. The cooler is furnished with a non-metallic strainer which meets this requirement. The drain trap which is provided by the installer should also be plastic to completely isolate the cooler from the building plumbing system.

## RATED FOR INDOOR USE ONLY OPERATION OF QUICK CONNECT FITTINGS TUBE IS SECURED IN POSITION SIMPLY PUSH IN TUBE TO ATTACH PUSH IN COLLET TO RELEASE TUBE + (12) PUSHING TUBE IN BEFORE PULLING IT OUT HELPS TO RELEASE TUBE 1/4" O.D.
