Upright Freezer

20.0 Cu. Ft Upright Freezer

## Installation Drawing

When installing freezer adjacent to wall, cabinet or other appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 125° door swing, providing complete basket access and removal. (Absolute 3/8" minimum clearance will ONLY allow for 90° door swing which will provide limited basket access with restricted removal.)

Note: For planning purposes only. Always consult local and national electric, gas and plumbing codes. Refer to Product Installation Guide for detailed installation instructions on the web at [frigidaire.com](http://frigidaire.com) / [frigidaire.ca](http://frigidaire.ca). Specifications subject to change. Accessories information available on the web at [frigidaire.com](http://frigidaire.com) / [frigidaire.ca](http://frigidaire.ca).
