

Universal Filtration L-Spout

Cohesive design

With the flexibility to work within your style, our filtration faucets perfectly complement our wide range of Franke faucets to bring a balanced look to your kitchen.

Coordinating styles

Point of use faucets deliver filtered water at the right temperature where and when you need it. Choose a Cold only option to pair with a Franke chiller, or select the Hot only or Hot/Cold faucet to pair with a Franke heating tank.

Wellness at Home

Franke four-stage filters combine multiple technologies to remove contaminants in the water and deliver up to 600 gallons of fresh drinking water straight from the filtration faucet. High performance filtration systems designed to deliver pure, great tasting water.

UNIVERSAL

UNIVERSAL FILTRATION L SPOUT COLD Model UNL-FW-304

FEATURES

- Solid 304 stainless steel construction delivers corrosion resistance inside and out.
- A laminar aerator ensures the delivery of a clear, non-splashing water stream, with very little noise.
- The tall spout rotates 360° and offers plenty of room for filling glasses and pitchers
- Cohesive design perfectly complements our wide range of Franke faucets.
