JFFCC72EHL

Signature Features

OBSIDIAN INTERIOR

Showcases food items throughout the refrigerator, and provides a sharper contrast than white interiors. Includes coordinating crisper drawers and freezer.

72-INCH HEIGHT

Fills the 3-inch gap traditional 69-inch tall refrigerators leave under a standard cabinet.

AUTOMATIC ICE MAKER

Provides a continuous supply of fresh ice made from filtered water.

WIFI CONNECTIVITY

Allows monitoring and adjustment of basic refrigerator functions such as refrigerator and freezer temperatures through an app for iOS or Android devices. Requires WiFi and account creation. Subject to terms of service available at: jennair.com/connect. Data rates may apply.

ADJUSTABLE DOOR BINS WITH METAL ACCENTS

Refrigerator door bins can be positioned to accommodate a variety of container sizes.

COUNTER-DEPTH DESIGN

A freestanding refrigerator configuration in which only the doors and handles extend beyond the base cabinet, creating an integrated design ideal for maximizing kitchen space.

TWIN FRESH™ CLIMATE CONTROL SYSTEM

Features separate evaporators in the refrigerator and freezer compartments that maintain independent temperature control, and maintain humidity two times that of our refrigerators with shared cooling.

ADJUSTABLE, CLEAR GLASS SHELVES

Glass shelves complement the LED lighting for exceptional clarity that allows more light to fill the interior. The front of the shelf has metal trim that accents the Obsidian interior.

ELECTRONIC TEMPERATURE-CONTROLLED PANTRY DRAWER

A dedicated storage drawer with electronic control which provides precise, independent temperature control for sensitive foods.
