

RED RUBBER SHEET PACKING/GASKET MATERIAL, 1 ROLL

- Priced per roll (approximately 100 pounds)
- FULL ROLLS ONLY

PART NO.	SIZE	THICKNESS	WIDTH	LINEAR FT/ROLL
G55016	1/16" x 36" x 60'	1/16"	36"	60'
G55018	1/8" x 36" x 30'	1/8"	36"	30'
G55014	1/4" x 36" x 15'	1/4"	36"	15'

Description:

The industry's general service rubber for common gasketing applications, such as water. Post-cure process provides a smooth and clean finish that is free of talc , a must for PSA applications. Talc-free eliminates the need to clean the sheet rubber.

Application:

Common gasketing applications, such as water.

Not recommended for applications with oil.

DO NOT USE IN STEAM SERVICE APPLICATIONS.

Typical Test Values: Tested to ASTM D2000-M1-AA704 Specifications

PROPERTIES	STANDARD UOM
Durometer	73 +/-5
Tensile Strength	700 psi
Temperature Range	-20°F to 180°F
Elongation	250%

Color: Red
