#### Tools required for installation

Level

Drill

Pencil

Screwdriver

Hammer

#### Step 1

Position the shower shelf against the wall and mark the holes with pencil.

#### Step 2

Predrill 3/16" holes on the wall to fit wall plugs. Insert wall plugs into the wall.

#### Step 3

Install screws into the wall and tighten them, ensure the product is level.

#### Step 4

Install the end caps onto the set screws.
