

KINGSTON

KITCHEN & BATH

INSTALLATION INSTRUCTIONS

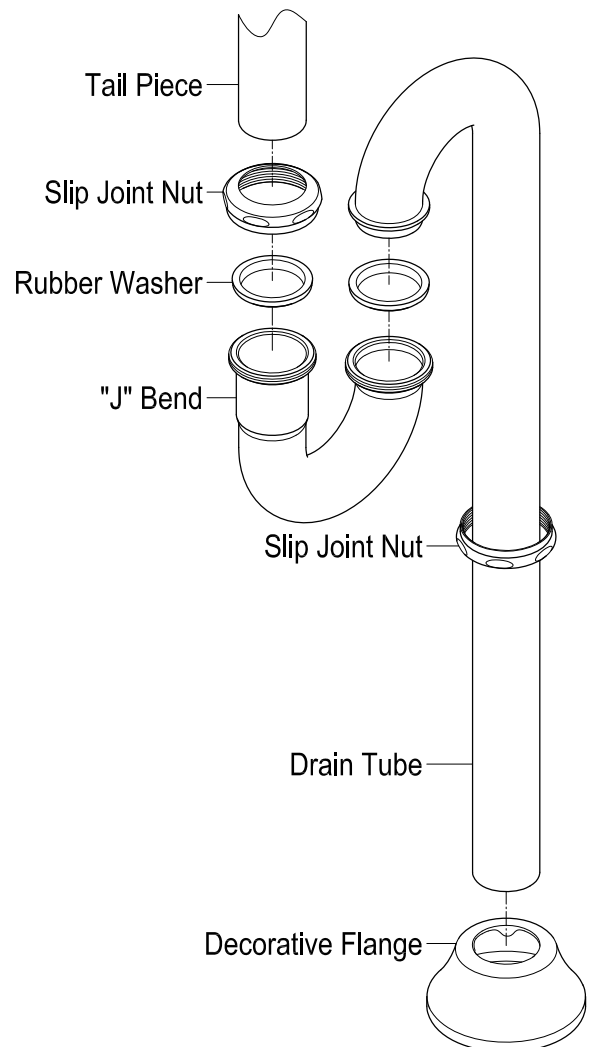

Decorative S-Trap

Before you start:

- This "S" trap is designed to be installed between a lavatory drain and a floor drain outlet. Cover drain hole on sink with an old rag to prevent any debris from falling inside the drain.

Installation Instructions:

1. Remove old trap and clean the tail piece and floor drain opening thoroughly.
2. Slip nut along the entire drain tube, slip decorative flange and attach drain tube to floor drain, do not fully tighten this connection yet.
3. Slip compression nut and washer on the existing tailpiece.
4. After applying Teflon tape, insert "J" bend onto tailpiece and thread the tailpiece nut to the "J" bend.
5. Insert rubber washer, Apply Teflon tape and thread the nut on the drain tube onto the "J" bend, do not fully tighten.
6. Adjust all connections and tighten all the nuts, fully open the water and check for leaks.
