### Technical Information

All product dimensions are nominal.

Drain included: No

Max. Ambient temp: 104°F (40°C)

Max. Relative  
humidity  
non-condensing: 95%

### Notes

Install this product according to the installation instructions.

**CAUTION:** Risk of product damage. Do not install near heat sources (such as radiators or heat registers) or in any location where the temperature may exceed 104°F (40°C).

This product is not water-resistant. Do not install in a location where excessive moisture, high humidity levels, or condensation are present.

Hardwired internet connection to the DTV+ System Controller required for system updates.

Install the module to a wall or stud frame within 5' (1.5 m) of the controller and in a location that will not block a Wi-Fi signal.
