Material

- Anodized aluminum construction with a durable rust- and chip-resistant finish.
- White Power Coat surface.

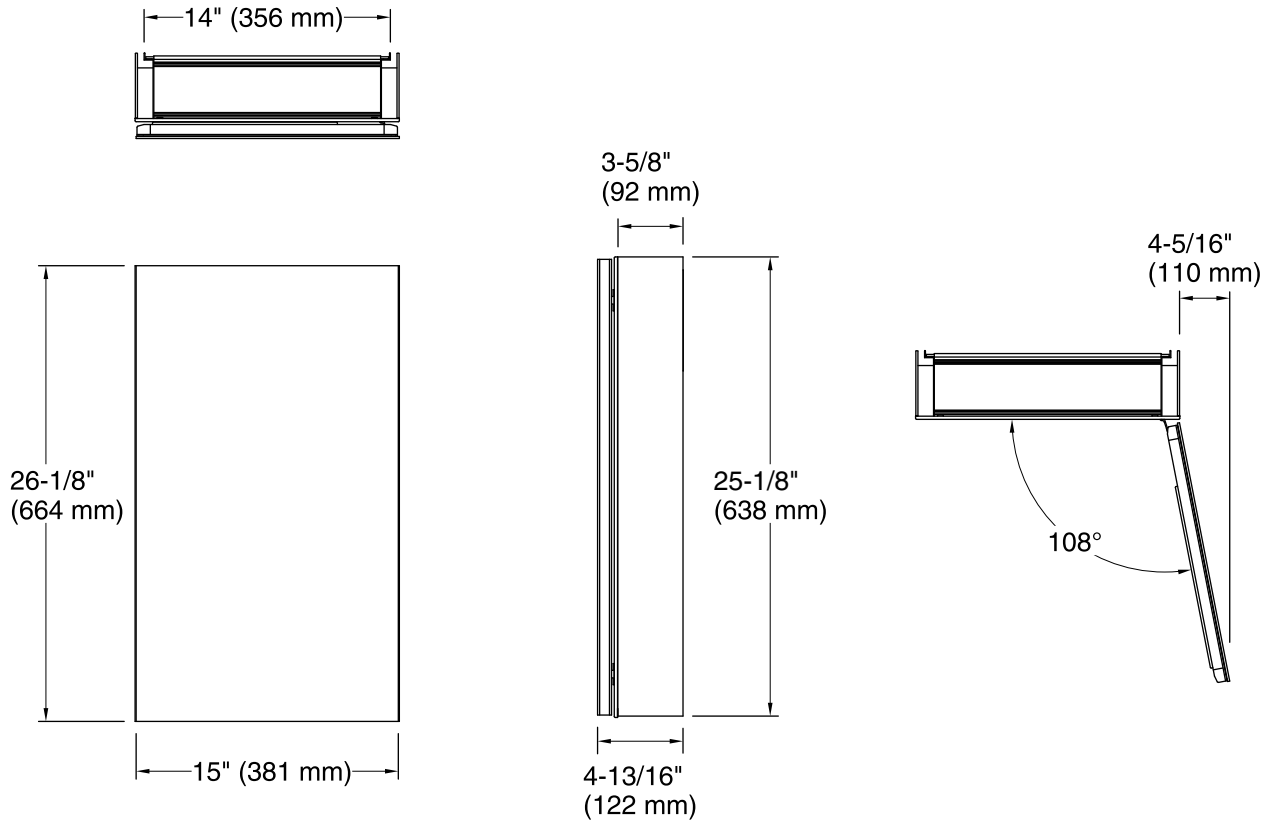

Codes/Standards

None Applicable

KOHLER® One-Year Limited Warranty

See website for detailed warranty information.

Technical Information

All product dimensions are nominal.

Mirror type: Wall mount pivot

Notes

Install this product according to the installation instructions.

To determine the height of the cabinet, ensure the door will clear all obstacles (such as a faucet). A minimum 3" (76 mm) distance is required.

Secure the screws (provided) to a stud to avoid possible property and product damage. If this is not possible, anchors (not provided) must be inserted before installing the screws.

To recess mount, the wall cavity must be framed and the cabinet secured to framing studs. Reroute electrical or water supply lines from the cavity. Consult a professional if drain or vent piping is encountered, or if the wall is load-bearing.

Cutout for recess-mount installations: 14-1/8" (359 mm) width x 25-1/4" (641 mm) height x 3-11/16" (94 mm) depth.
