Water capacity:	72.6 gal (274.8 L)
Template:	Footprint, 1245667, not required, not included

### Notes

Measure your actual product for rough-in details. Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Do not support the load weight of the bath by the rim.

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
