# **KOHLER**<sub>®</sub>

#### Features

- Bask<sup>®</sup> heated surface creates spa-like relaxation with soothing warmth on your back, shoulders, and neck.
- Three heat settings allow you to customize the surface temperature.
- 122 airjets release thousands of bubbles that surround, support, and massage the body.
- Variable-speed blower lets you adjust massage intensity to 18 levels.
- Zones of Control<sup>™</sup> feature allows you to target airjet massage to back, midsection, or feet.
- Chromatherapy lighting allows you to select a preferred color scheme to suit your mood.
- Lighted keypad.
- Molded lumbar support offers extra comfort while bathing.
- Oval-shaped basin offers a graceful and spacious bathing experience.
- Slotted overflow allows for deep soaking.
- Immediate and manual purge cycles remove residual water from air channels after use.
- Requires K-7271 or K-7272 Clearflo slotted overflow bath drain (sold separately).
- Center drain.

#### Material

#### Notes

Measure your actual product for rough-in details. Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Do not relocate or alter the PVC tee or coiled flexible tubing connected to the blower. Follow the blower relocation instructions exactly.

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
