Notes

IMPORTANT! Artifacts deck-mount handles are only compatible with the valve included with the Artifacts deck-mount faucets. Do not install to a K-300 bath valve.

IMPORTANT! For K-T98071-9M models, the handle swings up and toward the user. Ensure that the handle will not interfere with the bath fixture during operation.

Install this product according to the installation guide.

For a finished bath deck/rim less than 5/8" (16 mm) thick: Install wood reinforcing material to the underside of the deck/rim. The combined thickness of the reinforcing material and the deck/rim must not exceed 3" (76 mm).
