

## DESCRIPTION

- Solid brass construction with chrome finish
- 3/8" compression x 15" stainless steel supply lines

## OPERATION

- Lever style handle
- Temperature controlled by 110° arc of handle travel

## FLOW

- Aerator is limited to 2.2 gpm max. - 8417 (8.3 L/min)
- 1.5 gpm - 8417F15
- 0.5 gpm - 8417F05
- .35 gpm - 8417F03

## CARTRIDGE

- Ceramic disc cartridge with temperature limit stop
- Nonmetallic/nonferrous and ceramic material

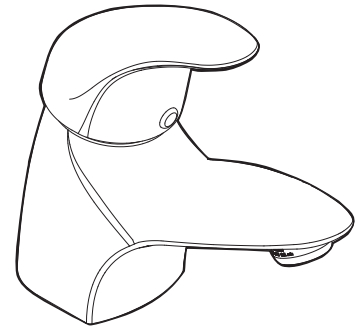

## STANDARDS

- Third party certified to CSA B125.1, ASME A112.18.1, ICC A117.1, and all applicable requirements referenced therein
- Certified to ANSI/NSF 61/9
- Contains no more than 0.25% weighted average lead content
- Complies with California Proposition 65 and with the Federal Safe Drinking Water Act

- **ADA**  for lever handles

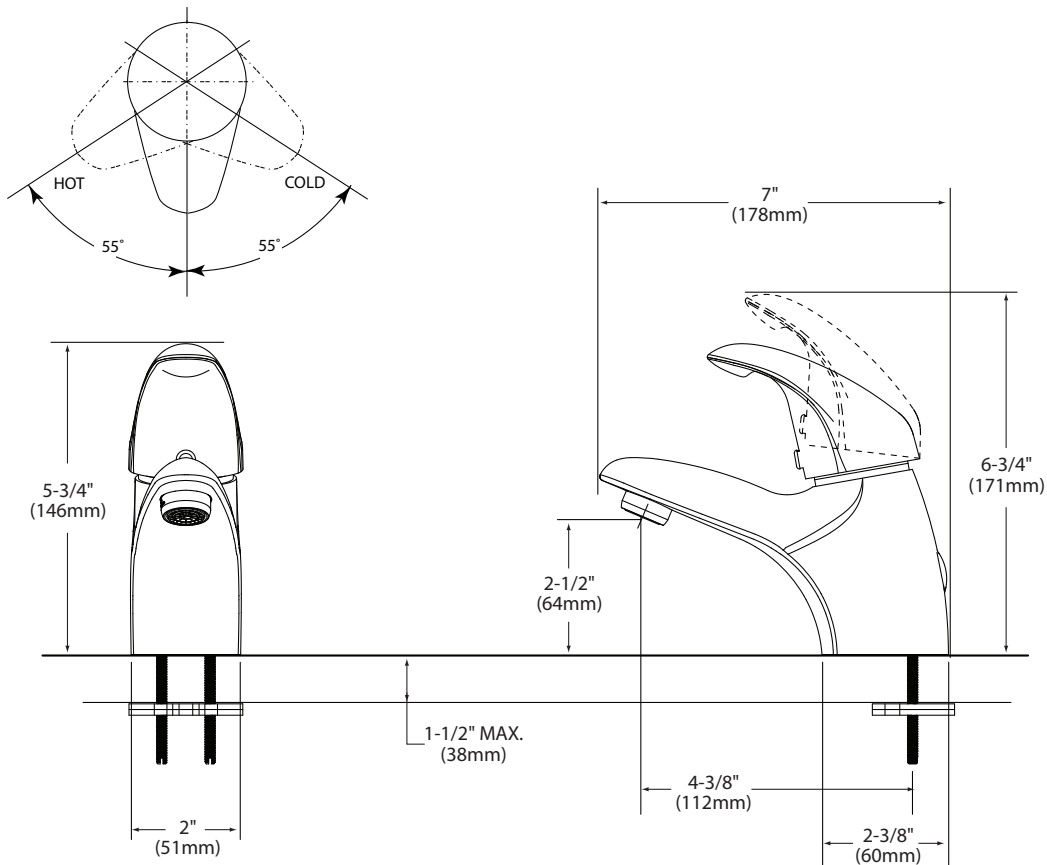

## WARRANTY

- Warranted for 5 years against material or manufacturing defects

**Single-Handle Lavatory Faucet**  
8417 Series

**NOTE:** DESIGNED TO BE INSTALLED THROUGH 1 HOLE 1-3/8" MIN. DIA.

## CRITICAL DIMENSIONS

(DO NOT SCALE)
