

FREESTANDING TUB DRAIN KIT

The Oatey® Freestanding Tub Drain Kit removes the guesswork and complexity from installing a freestanding, island center or offset tub. The compact, universally compatible drain works with brass or Schedule 40 tailpieces and easily connects to any plumbing configuration.

FEATURES AND BENEFITS

- Available for PVC, ABS and cast iron material configurations
- Eliminates "stub out" method and need for access below the floor, reducing time for and simplifying rough-in installation between P-trap and tub
- Solvent welds directly to 1-1/2 in. or 2 in. Schedule 40 drainpipe using the included adapter
- Ready to test with pre-installed, tool-free, Cherne® Quarter-Turn Test Plug
- Compact size allows the drain to fit inside 8 in., 10 in. and 12 in. joists
- Fits inside 4 in. hole saw opening--great for remodels

KIT INCLUDES
