Product: Polymer Support Bend With Screw Hole
Date: 30 April 2013 (supersedes, 14 October 2009)

Article No.	Description
228950-002	10.1 mm Polymer Support Bend
266207	3/8 in. and 1/2 in. Polymer Support Bend
266217	5/8 in. Polymer Support Bend
266227	3/4 in. Polymer Support Bend
266237	1 in. Polymer Support Bend
266727	1 1/4 in. Polymer Support Bend

TECHNICAL DESCRIPTION

Material	Glass-fiber reinforced polymer
----------	--------------------------------

FUNCTIONAL DESCRIPTION

The polymer support bends allow installers to create 90° bends in RAUPEX[®] pipes without fitting an elbow. These one-piece polymer support bends create a 90° bend by snapping RAUPEX pipes into the integrated tabs. The integrated tab on the inside of the bend has a screw hole/slot for secure mounting to a support or stud (tab not included with 10.1 mm bend). This slot will accept screws 1/4 in (0.25 mm) in diameter.
