PRO-BALANCE Nickel Plated Brass Isolation Valve Set

Product: PRO-BALANCE® Nickel Plated Brass Isolation Valve Set

Date: 01 August 2021

Article No.	Description
316250-002	1 in. NPT x 1 in. BSPP Nickel Plated Brass Isolation Valve Set
343626-001	1 1/4 in. NPT x 1 1/4 in. BSPP Nickel Plated Brass Isolation Valve Set

TECHNICAL DESCRIPTION

Material	Nickel plated brass valve with fiber gasket
----------	---

FUNCTIONAL DESCRIPTION

PRO-BALANCE isolation valves can be used to shut off flow of the system fluid. These valves connect directly to the PRO-BALANCE manifold supply/return sides with a BSPP threaded connection that uses the included fiber gasket. These valves have integrated thermometer housings on each side of the valve housing. Set include one red handled valve and one blue handled valve. Mini thermometers (Art. 250218) can be set into these housings to give accurate readings of temperatures on both supply and return sides of any PRO-BALANCE manifold. Mini thermometers are sold separately.
