

CN-01 TAMBURO VESSEL

© 2010 STONE FOREST, INC.

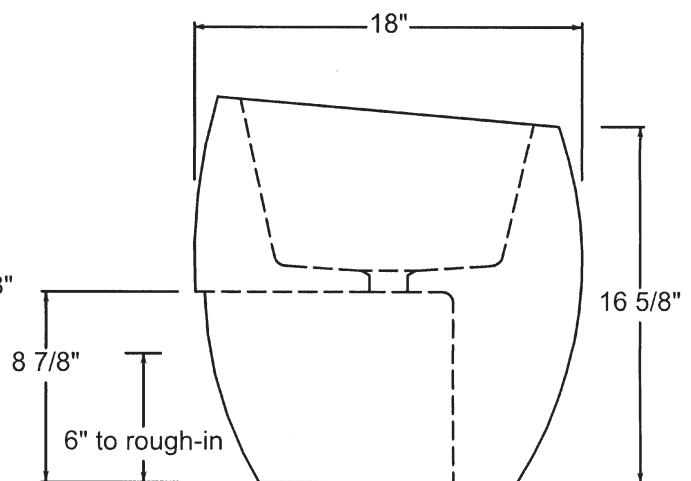

TOP VIEW

- Available in:
Siena Silver Grey (SSG)
- Approx thickness at drain is 1". Must use a drain with a maximum of 3" threading, like the 9054SF or 9058 from Stone Forest
- Do not use bottle traps. Traditional "P" Traps allow for an easier installation and future maintenance
- Do not use pop-up drains
- Drain rough-in needs to be 6" above the finished surface that the Tamburo Vessel will sit on
- Approx 175 lbs
