

ADJUSTABLE HORIZONTAL CLOSET CARRIER
WITH PVC WASTE FITTING - 500-LB. MAX LOAD

» 837 SERIES

SPECIFICATION

Sioux Chief 837 Series adjustable, horizontal water closet carrier with 4" PVC spigot connections, rated for 500 lb. maximum static load. Includes injection-molded PVC right-hand or left-hand waste fitting with zinc-plated steel thread inserts and 2" Sch. 40 hub vent, adjustable cast iron faceplate, floor mounted cast iron legs with support gussets, ABS coupling with integral test cap and sealing gasket, fixture bolts, trim, stud protectors, and neoprene fixture gasket. Designed in accordance with ASME A112.6.1M

Used with wall-mounted closet fixtures having no contact with the finished floor. The closet carrier is concealed within the wall and supports the load of the fixture through a faceplate mounted to floor-anchored supports.

IMPORTANT: Leg support gussets (2, included) must be attached and anchored to the floor when using the PVC waste fitting.

WEIGHT

56 lbs. (approx)
