

# SYMMONS® Ballina™

the smart choice™

The simple, sophisticated elegance of the Symmons Ballina™ Collection seamlessly blends classical styling with modern splendor. The graceful, flowing lines of the design are inspired by the strong, yet beautiful movements of modern ballet. While showing its poise, the Ballina Collection complements a traditional or contemporary setting. Every Symmons Ballina™ tub and shower system features the legendary Symmons Temptrol® Pressure-Balancing mixing valve. Constructed of solid brass, bronze and stainless steel, and featuring a piston that adjusts automatically to instantly and continually equalize or “balance” the hot and cold water pressure as demands are made elsewhere in the plumbing system. Symmons Temptrol® puts an end to “Shower Shock” and provides a safe, comfortable shower every time.

Symmons Ballina™  
is available in  
these finishes:

Tub and Shower Systems

**S-5201**

Symmons Ballina™ shower system with lever handle and secondary **integral volume control** handle. Symmons Temptrol® Pressure-Balancing mixing valve. Three mode showerhead with arm and flange.  
S-5100 - Valve only

**5201**

Symmons Ballina™ shower system with lever handle. Symmons Temptrol® Pressure-Balancing mixing valve. Three mode showerhead with arm and flange.  
S100 - Valve only

**S-5202**

Symmons Ballina™ tub/shower system with lever handle and secondary **integral diverter/volume control** handle. Symmons Temptrol® Pressure-Balancing mixing valve. Tub spout, three mode showerhead with arm and flange.  
S-5100TS - Valve only

**5203**

Symmons Ballina™ shower system with lever handle. Symmons Temptrol® Pressure-Balancing mixing valve. Wall/hand shower with flexible metal hose, in-line vacuum breaker, wall connection, cradle for hand shower mounting.
