

T.H. SMITH

Anti-leak shower bases Bases de douche anti-fuite

Care and cleaning

Recommends the use of mild dishwashing liquids and water to keep the surfaces bright and clean. Rinse well and dry with a clean cloth.

CAUTION : Powder detergents and liquid abrasive cleaners may damage surfaces. Do not allow the visible surfaces to come in contact with corrosive products such as drain cleaners.

DO NOT USE :

- Cleaning agents that contains chlorides, alcohol, ammonia or mineral essences.
- Steel wool, scouring pad or wire brushes.
- Essential oils, acetone, peroxide & hair dye.

This product needs to be room temperature, around 24 °C (77 °F), before starting the installation.

Nettoyage et entretien

Recommande l'utilisation de détergents liquides doux pour vaisselle et d'eau afin de garder une surface propre et brillante. Bien rincer et assécher avec un chiffon propre.

ATTENTION : Les détergents en poudre ou liquides abrasifs peuvent endommager les surfaces. Ne jamais mettre en contact avec des produits corrosifs tels que les produits de débouchage de drain.

NE PAS UTILISER :

- Des produits nettoyants contenant des chlorures, de l'alcool, de l'ammoniac ou de l'essence minérale.
- De la laine d'acier, tampon à récurer ou brosses.
- Huiles essentielles, acétone, peroxyde & teinture à cheveux

Le produit à besoin d'être à température pièce, autour de 24 °C (77 °F), avant de commencer l'installation.

INSTALLATION MANUAL / MANUEL D'INSTALLATION

ⓘ IMPORTANT

- Thoroughly inspect your product before proceeding with the installation.
- The warranty will be void if the product is installed with a conspicuous defect.

⚠ CAUTION

- Read all instructions carefully before starting the installation.
- Save this manual for future reference.

ⓘ IMPORTANT

- Inspecter le produit avant de procéder à l'installation.
- La garantie sera invalide si le produit a été installé avec des défauts apparents.

⚠ ATTENTION

- Veuillez lire attentivement ce manuel d'instruction avant de commencer l'installation.
- Conserver ce manuel pour référence ultérieure.

BEFORE STARTING THE INSTALLATION / AVANT DE COMMENCER L'INSTALLATION

This manual covers the installation and maintenance of your new products. Read through it once before proceeding to the installation

Consult your local building code to ensure that the installation complies with the standards of your area.

Carefully inspect the products upon arrival to make sure that there's no damage or missing pieces. If you find a defect, contact your distributor. If damage has occurred during transport, contact your carrier. Care must be taken to protect the surface during handling and installation.

Before proceeding with any plumbing work, make sure to consult an appropriate certified professional from your local code.

Ce manuel traite de l'installation et de l'entretien de vos nouveaux produits. Veuillez en faire une lecture complète avant l'installation.

Consultez le code du bâtiment de votre région afin de vous assurer que votre installation respecte les normes en vigueur de votre région.

Inspectez minutieusement les produits dès la réception pour vous assurer que l'ensemble des pièces sont présentes et en bonne condition. Si un défaut est présent, signalez-le immédiatement à votre distributeur. Si il y a eu un bris lors du transport, contactez le livreur. Veuillez bien protéger la surface durant la manutention et l'installation.

Avant d'entreprendre tout travail de plomberie, assurez-vous de mandater un professionnel certifié en technique du bâtiment de votre province ou état.

1 FLOOR PREPERATIONS / PRÉPARATIONS DU PLANCHER

Make sure that the wall and floor supports are plumb and level.
S'assurer que les supports du sol et muraux soient de niveau.

☐ Cochez moi!
 Check me!

Make sure that the subfloor is strong enough to support the necessary weight.
S'assurer que le sous-plancher est assez fort pour supporter le poids nécessaire.

To place the plumbing, refer to the base or to the technical drawings.
Pour placer la plomberie, se référer au drain de la base ou aux dessins techniques.

The dimensions are subject to manufacturer's tolerance and may change without notice.
Les dimensions sont soumises à des tolérances de fabrication et peuvent changer sans préavis.

Verify the product dimensions before installation.
Vérifier les dimensions du produits avant l'installation.

2 ASSEMBLE THE DRAIN / ASSEMBLER LE DRAIN

Assemble the drain on the base. (Not included)
Assembler le drain sur la base. (Non inclus)

☐ Cochez moi!
 Check me!

Follow the installation manual from the drain supplier.
Suivre le manuel d'installation du fabricant du drain utilisé.

3 PREPARE BASE INSTALLATION / PRÉPARER L'INSTALLATION DE LA BASE

Place the shower base in its final position to test the level of the base.

Placer la base de douche dans son emplacement pour tester le niveau de la base.

☐ Cochez moi!
Check me!

4 BASE INSTALLATION / INSTALLATION DE LA BASE

Remove the base and apply mortar on the full surface under the base.

Retirer la base et appliquer le mortier sur toute la surface sous la base.

☐ Cochez moi!
Check me!

Do not use expanding products.
Ne pas utiliser de produits expansibles.

(A)

Put a plastic film under the mortar and fold it over.

Mettre une pellicule de plastique sous le mortier et la plier par dessus.

(B)

Place the base on the plastic film

Placer la base sur la pellicule de plastique

(C)

Connect the drain with the evacuation pipe.

Connecter le drain avec le tuyau d'évacuation

MORTAR / TILE ADHESIVE
MORTIER / ADHÉSIF À TUILE

PLASTIC FILM
PELLICULE DE PLASTIQUE

Protect the base when using weight to apply pressure on the mortar.

Protéger la base lors de l'utilisation de poids pour bien mettre de la pression sur le mortier.

Test the draining system and confirm that there's no leakage.

Tester le système de drainage pour confirmer qu'il n'y a pas de fuites d'eau.

Screw the tiling flanges to every stud to fix the shower base.

Visser les brides de carrelage à tous les montants muraux pour fixer la base de douche.

☐ Cochez moi!
Check me!

Drill and countersink in every stud trough the tiling flanges.

Percer et fraiser dans tous les montants muraux en travers la bride de carrelage.

DRILL 1/8"
PERCER 1/8"

COUNTERSINK 1/4"
FRAISER 1/4"

Use shims if necessary behind the tiling flanges.

Utiliser des cales en arrière des brides de carrelage si nécessaire.

C

Put silicone in the hole before screwing.

Mettre du silicone dans le trou avant de visser.

B

Screw the tiling flange in the wall studs with a screwdriver.

Visser la bride de carrelage dans les montants muraux avec un tournevis.

Remove the weight from the shower base when the adhesive curing time has ended.

Retirer le poids de la base de douche une fois la durée de cure de l'adhésif terminée.

Leave the anti-leak silicone free to drain water that has seeped into the wall.
 Laisser libre de silicone l'anti-fuite pour l'évacuation d'eau infiltrée dans le mur.

☐ Cochez moi!
 Check me!

 Do not obstruct the anti-leak system. Remove the sticker after finishing the walls
 Ne pas obstruer le système anti-fuite. Enlever l'autocollant après avoir fini les murs.

Assemble the walls around the shower base. Apply silicone between the base and the walls.

Assembler les murs autour de la base de douche. Appliquer du silicone entre la base et les murs.

☐ Cochez moi!
Check me!

Remove the base protection when the shower installation is finished.

Retirer la protection de la base lorsque l'installation de la douche est finie.

T.H. Smith Company Ltd. (hereafter "T.H. SMITH") offers the following limited warranty on each of its products. This warranty extends only to the original owner/end-user for personal household use.

T.H. SMITH warrants their products to be free from defects in workmanship and materials under normal use and service for a period of one (1) year from the original date of purchase by the owner/end-user. Any product reported to an authorized dealer or to T.H. SMITH as being defective within the warranty period will be repaired or replaced (with a product of equal value) at the discretion of T.H. SMITH. This warranty is not transferable to a subsequent owner. Neither the distributor, authorized T.H. SMITH dealer, nor any other person has been authorized to make any affirmation or representation of this warranty; any affirmation, representation or warranty other than those contained in this warranty shall not be enforceable against T.H. SMITH or any other person.

T.H. SMITH reserves the right to modify this warranty at any time, it being understood that such modification will not alter the warranty conditions applicable at the time of the sale of the product in question. This warranty shall not apply following incorrect operating procedures, breakage or damages caused by fault, carelessness, abuse, misuse, misapplication, improper maintenance, alteration or modification of the unit, as well as chemical or natural corrosion, accident, fire, flood, act of God, or any other casualty. This warranty shall not apply to stain or malfunction caused by ferrous water, hard water, or salty water.

T.H. SMITH is not responsible for transportation costs of the defective product from the installation site to T.H. SMITH, or for the return of any part, or for the cost of labour or services incurred in the removal or reinstallation of any part. T.H. SMITH expressly disclaims and excludes any liability for the consequential or incidental damage caused or resulting from incidental event, loss of time, loss of use, inconvenience, unnecessary expenses, labour, material or other costs with respect to the application of this warranty or with respect to the removal or replacement of a defective product. Under no circumstances shall T.H. SMITH or any of its representatives be held liable for injury to any person or damage to any property however arising.
