PC-120	BK Black BZ Bronze GY Gray WT White

Example: **PC-120-BK**

DESCRIPTION

The Endurance™ wall pack collection features a patent pending design for water and dust proofing, encased in an IP66 Rated factory sealed light engine. Thermally engineered for up to 100,000 hours of rated life, the Endurance™ virtually eliminates any need for maintenance once installed. LED technology offers superior alternatives to conventional Halogen and HID sources. With factory sealed die-cast aluminum housings, the Endurance™ collection is sure to provide lasting worry-free performance for years.

FEATURES

- Detects the presence of visible light, infrared transmission (IR), and/or ultraviolet (UV) energy in order to control light on/off.
- CEC Title 20 Compliant
- Intelligent light control of lighting fixtures based on ambient light.
- The mechanical structure allows the users to lock the sensor in any positions they want
- Can be mounted on a canopy or on a lighting fixture
- Designed for outdoor (wet location) or indoor application with luminaires. Recommended ambient temperature is -40°C (-40°F) to 70°C (158°F).
- 5 year warranty
